1. Even as you call Me forth I come. Even as you call Me forth I come, I am there, I am there at Trinity, I am there with you, I am there in you. I carry you and you carry Me, one, Ted, one. I love you, for increasingly you are getting Me, you are getting what I am about, you are getting who I am, how I operate, how My body is sinewed together, how all parts are needed and necessary and function together to be Me, to do what I want done in being Me, not just what I want done 'for' Me; no mercenary; friends, family, bride, mature one. I love you.

2. I love you for letting Me speak. I love you for willing to be right, willing to be wrong, willing to be ridiculed, willing to be an open book. I love you. I come and I call and I elevate massively for your heart's cry is to elevate My body, relieve their pain, to help them know their position and how much I want to honor them, I want to love them (laughter) and how much I want to obey their commands, their commands which are my directives that they have spoken that help bring forth what I have placed in their heart.

3. So much understanding, so much understanding increasingly comes forth now to sinew My body together from those who are willing to risk, and to those who are willing to listen, those who will entrepreneurial be in Me. I love you. I love you and I give you Me. I give you all of Me, as you have given Me all of you, and now you constantly strive to reduce, delete, and demolish the boundaries that remain in your thinking. I joy in that Ted.

4. I joy in your joy. I joy in the joy that you have been warring in to maintain your joy and overcome joylessness, to overcome circumstances at times that you don't understand. War in your joy and continue warring in your joy and teach My people to war. Spiritual battles ensue, inevitably; maturity inevitable, for the overcomers. My overcomers must mature more, so much more. I love you.

5. Off the high dive I speak every time Ted, and I smile at your affirmanisms, your analogies, your quips, your metaphors. I smile at your smiles, Ted. I smile when you smile at Me and I smile back. Sometimes you see Me and sometimes you don't see Me, I am there and I smile back and I am looking into your eyes even now as you sit by the post, a seat sat in by you often, reaching out to Me, reaching in to Me, reaching for all of Me, wanting Me to increase and you to decrease. I thank you.

6. I see into your eyes and I see into your heart and I give you Me. I give you increased intimacy. I give you increased emotion from this day forward in Me, and emotion My body you will, you are, you do, till twilight in My arms you come. I love

you. I love you. I love you. I love you. I love you. I love you. I look into your eyes, I look straight into your eyes when I tell you, I love you. I hold your hand and I stroke your brow and I tell you, I love you. I love you.

7. Thank you for coming to sit with Me today. Thank you for seeking to obey, to abide, to cultivate, to develop, to mature. I love your tears Ted, more powerful than you can imagine they are, more powerful than you can imagine, they are the tears shed for Me at My knee, with Me, with My arm around you. Intimacy Ted, share the intimate times with My body. Share the intimate times with My body, with My people, My people, My people, My people. Let Me come.

8. Share My intimacy off the high dive Ted, and you know what I mean. (tears)

9. I come. I come and I call and I call so tenderly, I call so tenderly, I call so tenderly and I touch, and Ted, I heal. I heal. I heal layer by layer, dimension by dimension, and sometimes so massively particle-ing Me into My bride. Look at Me Ted, look at Me, look at Me, look at Me. (tears) I made all of this. I made you and I made so much more, and I made you for so much more, and I made My body for so much more, and I am pulling you into it and you are pulling My body into it.

10. I fearless-ize you increasingly, for into My intimacy you are unafraid of, you are not afraid of tears, you are not afraid and I thank you.

11. Show My body My eyes. Help them open to My eyes, My eyes of love, and power, beauty.

12. Oh Ted, intimacy with My body bring Me, bring Me more. I thank you. I thank you. I thank you.

Tears of sorrow not, tears of promotion for you, for My body.

I thank you.
